

Custom Image Programming

The WavyWand™ can be programmed with almost any picture, text message, or animation (WaveArt). With customer supplied artwork Alight Technologies can personalize your WavyWand™ order by pre-programming the WavyWands with custom WaveArt.

The following are examples of custom images as displayed on the WavyWand™. These images were created by Alight Technologies using customer provided artwork, and downloaded onto the wand. See www.wavywand.com for more sample pictures of WaveArt.

Alight Technologies, LLC *Portland, OR*

Saalfeld Griggs, PC *Salem, OR*
